3-4 ft.	.90	.80
4-5 ft.	1.10	1.00
5-6 ft.	1.75	1.50

CYPRESS, Italian Worthiana:

Very superior strain of symmetrical upright growth, and much hardier than other cypresses. The parent tree on our grounds is twenty years old and has never been injured by cold when all other specimens were either killed outright or (everely damaged by the severe cold spells we have had every four or five years. Young plants propagated from this stock were uninjured in the field while other stock was killed. Every tree is handsome and uniform in its growth.

18-24 in.	\$.55	\$.50
2-3 ft.	.75	.65

JUNIPERUS, Excelsa Stricta (Spiny Greek):

30-36 in.	\$1.35	\$1.25
